

How Organisms Respond to Stress

- 22.11 Animal diapause: dauer formation in *C. elegans* • Cowan
- 29.11 Adaptation to environmental stress • Jonak
- 06.12 Epigenetics & environment • Mittelsten Scheid
- 13.12 Modulation of protein synthesis by ribosome heterogeneity in *E. coli* • Moll
- 20.12 Molecular chaperones & protein folding stress • Clausen
- 10.01 Autophagy • Martens
- 17.01 The piRNA pathway: a small RNA-based genome immune system • Brennecke
- 24.01 TBA • Decker
- 31.01 The adaptive immune system and the control of stress caused by infections • Busslinger

Tuesdays 17:00
IMBA/GMI lecture hall
